

Pay2Park

**Your Easy and complete
Empty Lot parking solution**

For People in the business of Renting vacant lots to
utilize as open parking space & like to avoid larceny

2021

The Problem:

Many businesses rent vacant space then utilize as paid parking space
They Hire a parking keeper for managing cars and collecting cash from customers either at entry or exit of vehicle.

However, the businessmen face big challenge in getting real statistics, and they can not forbid larceny by parking keeper.
(where keeper collects but declares fake usage)

The Solution:

We are proud to introduce “Pay2Park” a custom design system able to control and monitor the revenue of a public car parking, without the need of any access control, barrier or any surveillance cameras, no possibility for any fraud or violation,

100% result guaranteed, all parts are hidden, there is no way for sabotaging nor larceny

We Offer an **Affordable**,

Very **accurate**

and **Easy Solution**

Are you in the business of renting vacant lots for Parking space?

Do you face challenge in Keeping accurate accounting of real car entry and exit?

Do you want to avoid Expensive gates, cameras & recording or card pay booth system?

Do you want an economical, yet secure and easy to access solution on demand?
